

Break-out Space | Differentiated Learning *(within the classroom)*

- Districts may choose to have larger classroom sizes to allow Project Based / Differentiated Learning within the classroom rather than separate break-out space outside the classroom.
- Consideration may be given to connecting doors to allow access to shared supervision between teachers.
- Consideration may be given to movable walls to allow a larger space between classrooms.

Classrooms – 1,000 SF

Break-out Space – included in classroom SF
