Procurement Overview: Post Occupancy House Doctor Services and Educational Program Review Services

The Massachusetts School Building Authority is hosting a virtual briefing via Zoom on:

Wednesday, November 19, 2025
10:00 AM – 11:00 AM

The MSBA will be joined by representatives from the Massachusetts Supplier Diversity Office (“SDO”) to provide an overview of upcoming procurements that may interest post occupancy evaluation consultants, educational planners, architects, engineers, owners project managers and other consultants. We hope to reach many interested firms and/or individuals to provide information about the process for each of the procurements:

- **Post Occupancy Evaluation Program House Doctor Services:** Request for Responses will be issued November 5, 2025
- **Educational Program Review Services:** Request for Responses will be issued November 12, 2025

Please join us at 10:00 AM on Wednesday, November 19, 2025 via Zoom to learn more about these opportunities, obtain helpful information, and participate in our questions and answers session.

If interested in joining, please contact Ryan Fay to RSVP at: Ryan.Fay@MassSchoolBuildings.org.
